Assessment Phase 1 (Evaluation):										
Assessment Period:	30 days									
Target Return:	10% trading profit on Starting Balance									

Additional Notes:

1. All dollar amounts above are in [US Dollars].
2. **Notional Net Profit** means the notional value that can be attributed to the representative value of the net positions of your Trades for each Trading Period.
3. The Assessment Period and Assessment Criteria may comprise either 1 or 2 parts. If it comprises 1 part, then you must satisfy the stated Assessment Criteria within the stated Assessment Period. If it comprises 2 parts, then you must satisfy the requirements of Phase 1 (Evaluation) to be eligible to proceed to Phase 2 (Verification) and you must satisfy the requirements of Phase 2 (Verification) to satisfy the Assessment Criteria for your selected Assessment Program.
4. The **Lot Size Consistency Rule** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Lot Size Consistency Rule your average trade size is used to calculate your trading range. The range is determined by adding 100% to your average trade size to determine the maximum value and subtracting 75% to determine the minimum value. Note trades are aggregated when placed within a 30 second window into one position for both profit and volume consistency.
5. The **Profit Consistency Rule** applies to all trading activities during the Assessment Period and/or Trading Period. For the purposes of this Schedule. To satisfy the Consistency Rule: (a) if only Assessment Phase 1 (Evaluation) applies then no single trade can account for 50% or more of your total Required Return or total Target Return; or (b) if both Assessment Phase 1 (Evaluation) and Assessment Phase 2 (Evaluation) applies then no single trade can account for 50% or more of your total Required Return or total Target Return.
6. All Access Fees published in this Schedule of Assessment Programs and Fees are **exclusive** of relevant taxes or other statutory or regulatory costs. You are responsible for paying any such amounts and the Company may withhold or recover such amounts from you in accordance with clause 14.
7. Account Inactivity: If at the funded stage the trader does not place any trades within 30 days the account will be disabled.
8. Hedging Between Accounts Definition: Using 2 trading accounts to open two directionally opposing positions on the same asset, at the same time and at the same volume size
